Dear Mr. Daugherty:

On behalf of the American Medical Association, I would like to congratulate ACT Missouri for twenty years of community service and activism. You are to be commended for your work on preventing the social, and economic harms associated with alcohol and drug abuse. As we are aware, ACT Missouri was one of 12 organizations funded by the Robert Wood Johnson Foundation to address underage drinking. As the national program office, the AMA had the opportunity to work closely with ACT Missouri's staff to mobilize and train youth and adults to take action against the alcohol industry and put policies in place to reduce underage access to alcohol. The AMA was pleased to feature the coalition that ACT Missouri established under the RWJF program in our publication, *Building Successful Coalitions to Reduce Underage Drinking*.

As a veteran driving force in training and empowering individuals and communities, ACT Missouri is a leader in statewide prevention activities and worthy of celebration indeed. Keep up the great work.

Sincerely,
